## This Week at ASC X9 - June 06, 2022

This newsletter is sent out each week and includes scheduled meetings for a two week period along with all open ballots, results of ballots that closed in the prior week and important notices. Please let us know if you have any comments or suggestions. Note: X9's offices are now open and staffed during business hours.

### *Weekly Briefing:*

#### **Summer is Officially Here**

Summer is officially here. People will be taking vacation, traveling and spending time outdoors. Have a safe and happy time this summer and remember to check in on X9 from time to time so we can keep our work moving forward.

#### **X9 Press Releases**

X9 periodically issues a press release when we have a major event to publicize. All of our press releases are available on our public web site ([www.x9.org](http://www.x9.org)) under the menu item "Media Center". Currently, there are 48 press releases. I encourage you to visit the site if you have any questions about current or past X9 events. [Click here to visit the X9 Press Release Page.](#)

#### **Voting Update**

Great news. All the ballots that had to be reopened have now closed. To the members that voted, thank you for your help.

#### **Travel to the X9 Office**

If you are traveling to the X9 Office in Annapolis, don't forget we have a negotiated rate with the Westin, which is across the street from our office. There are more details on the X9 web site at the following URL:

<https://x9.org/directions-x9/>

### **X9 Welcomes X9F6 to Annapolis**

Next week X9F6 will be holding a hybrid meeting with the in-person part being held in the X9 conference center in Annapolis. This will be the first official hybrid meeting since the lock down. We look forward having F6 and others in Annapolis.

### **ASC X9 Webinar: Using ISO 20022 Remittance Information to Improve B2B Payment Processes**

ASC X9 welcomes you to attend the [Using ISO 20022 Remittance Information to Improve B2B Payment Processes](#) webinar. ISO® 20022 is the wave of the future in payments and we are starting to see this come to fruition, particularly with the new instant payments systems and wire systems in the United States. But what does this mean in terms of getting remittance information about a payment that companies can actually use to automate accounts receivable cash application? The ISO 20022 standard provides rich data content in a structured format. Come to the webinar to learn about X9's new ISO 20022 Remittance Content Market Guide.

This will be presented on **Thursday, June 30, 2022 at 3:00 pm ET** by Rich Dooley (Regions Bank), Carolyn Kroll (Federal Reserve Bank of Chicago) and Steve Wasserman (Vments). Please use the link below to register for the webinar and feel free to pass it along to others who may be interested in attending.

Registration: <https://x9.org/asc-x9-webinar-using-iso-20022-remittance-information-to-improve-b2b-payment-processes/>

## **X9 or United States Standards Meetings**

### **6/6/22 – Monday**

- [X9B4 June Meeting](#): 11:30am - 12:30pm EDT

### **6/7/22 – Tuesday**

- [Industry Forum for Financial Data Harmonization Meeting](#): 10:00am - 11:00pm EDT
- [ISO 20022 Message Catalogue and Use Case Matrix Meeting](#): 12:00pm - 1:00pm EDT
- [X9F4 - X9.148 QR Code Meeting](#): 2:00pm - 3:00pm EDT
- [PCI PINS Mirror Group Call](#): 2:30pm - 4:30pm EDT

### **6/8/22 – Wednesday**

- [EC Conference Call](#): 11:00am - 12:00pm EDT
- [X9F4 Monthly Meeting](#): 1:00pm - 2:00pm EDT
- [X9F6-9 X9.139 \(TR34\) Ad-hoc Meeting](#): 1:00pm - 2:00pm EDT
- [X9F1 Monthly Meeting](#): 2:00pm - 3:00pm EDT

### **6/9/22 – Thursday**

- [X9F1 - X9.135 Secret Sharing Meeting](#): 2:00pm - 3:00pm EDT
- [X9 Quantum Computing Risk Study Group Call](#): 3:00pm - 4:00pm EDT

### **6/10/22 – Friday**

- [X9F PKI SG Meeting](#): 11:00am - 12:00pm EDT

---

### **6/13/22 – Monday**

- [X9F6 June Meeting](#): 9:30am - 5:30pm EDT

### **6/14/22 – Tuesday**

- [X9F6 June Meeting](#): 9:30am - 5:30pm EDT
- [X9 Real-Time Payments Study Group Meeting](#): 11:00am - 12:00pm EDT
- [ISO 20022 Message Catalogue and Use Case Matrix Meeting](#): 12:00pm - 1:00pm EDT
- [X9F PKI SG Meeting](#): 12:00pm - 1:00pm EDT

### **6/15/22 – Wednesday**

- [X9F6 June Meeting](#); 9:30am - 5:30pm EDT
- [ISO Market Forum: RfP Assessment Subgroup Meetings](#); 10:00am - 11:00am EDT
- [X9F4 - X9.73 CMS Monthly Meeting](#); 12:00pm - 1:00pm EDT
- [X9F5 - X9.146 Monthly Meeting](#); 2:00pm - 3:00pm EDT
- [Finance Committee Conference Call](#); 3:00pm - 4:00pm EDT
- [X9F4 - X9.125 Cloud Task Force Cyber Security Meeting](#); 4:00pm - 5:00pm EDT

### **6/16/22 – Thursday**

- [X9F6 June Meeting](#); 9:30am - 5:30pm EDT
- [Policy Committee Meeting](#); 10:30pm - 11:30am EDT
- [X9F4 TR-55 Monthly Meeting](#); 11:00am - 12:00pm EDT

### **6/17/22 – Friday**

- [X9F6 June Meeting](#); 9:30am - 5:30pm EDT
- 

## **ISO Standards Meetings**

**Note:** Please let us know if there are ISO calls a week in advance. ISO has no calendar function so it is difficult to track calls.

## ***Recently Published X9 Standards and Documents***

Nothing new this week.

---

## **[New X9/ISO Notices](#)**

The project(s) listed below are seeking members. Contact staff if you would like to join a project or would like more information. ISO work requires a Category "A" membership.

---

## **ANSI X9.58-2022 Financial transaction messages — Electronic Benefits Transfer (EBT) Supplemental Nutrition Assistance Program (SNAP) and cash benefit programs**

This standard was revised to address the SNAP Online-Purchase Pilot (OPP) program for internet based EBT transactions, along with minor corrections and clarifications to the existing X9.58-2013 standard. X9.58-2022 provides all parties involved in Electronic Benefits Transfer (EBT) processing for the Supplemental Nutrition Assistance Program (SNAP) and Cash benefit programs with technical specifications for exchanging financial transaction messages between an Acquirer and an EBT card issuer processor. It specifies message structure, format and content, data elements and values for data elements used in the SNAP and Cash benefit programs. Cash benefits provided on pre-paid cards or on co-branded cards are outside the scope of this standard. The method by which settlement takes place is also not within the scope of this standard. Data representation used in individual systems is subject to the commercial relationships between the parties contracting to each system. The message formats specified in this standard are designed to ensure that compatibility between systems conforming to this standard is always feasible. [Click here](#) to download the standard.

### **Call for Participants: X9.24-4 Retail Financial Services Project**

The X9F6 Working Group develops standards used in retail financial services to support authentication of users, cards, PINs, and security evaluations of security hardware and so on.

A new standard is in its early stages, and we are in need of industry experts to help complete standard. The new standard is X9.24-4 Retail Financial Services Symmetric Key Management Part 4: Host-to-Host Key Management using Unique Key Per Transaction (UKPT). This shall address the security concerns and key management requirements for information transferred between different hosting entities processing transactions between themselves.

X9F6 workgroup is issuing a Call for Participants to help ensure we have a good sampling of industry experts to participate in the X9.24-4 project. If you would like to participate in this workgroup please reply directly to [Lindsay.Conley@x9.org](mailto:Lindsay.Conley@x9.org) (please do not reply all). Please submit your intention to participate by May 8th, 2022.
